

Google Ranking Strategy

1st Week

1. **Issue Press Release (1 time process, \$399) (we advise issuing new PR every 3 months)**
 - Press releases are part of your *online reputation management (ORM) strategy*.
 - Creating positive buzz about your company will help your online reputation and assist in making your website an authoritative source of information about your products and services.
 - Increase your brand's/company's visibility and reputation online.

Process:

- You provide 350 words article, up to 5 images
- We **publish** them on more or less than **350 websites**
- We send you a full report with live links
- The result is 7 days after we receive your Article

PLEASE TAKE NOTE: that SEO is a bit of a long-term process, as it may take a few months to get your website ranked in Google. (In some cases it takes a few weeks) as there are many factors such as: Domain/page authority, Keyword competition, Social signals (Facebook, Google shares for website ...) "very important", On-site optimization, Domain age, Current rank & many other factors.

We highly advise that we run this 30-day campaign for a **minimum of 3-9 months** to get the best **domain authority** and **retain Google Rankings**.

Results

- We send reports of live links every Sunday.
- You may personally check Rank improvement using Google Console or other Paid Software and send it to us
